

JOCKEYING HARD FOR THE NOMINATION

"Wilson-Backed Dark Horse" Used As Bugaboo By McAdoo Boosters

(By Associated Press)
San Francisco, July 1.—Prospects for balloting late today for a presidential candidate went glimmering as the delegates to the Democratic National Convention assembled for the fourth days session. The struggle over the platform indicates no balloting will take place before Friday. When the convention met, the speech of Governor Cornwell, of West Virginia, nominating John W. Davis, Ambassador to Great Britain, was on the convention's set program. He makes 11 candidates formally placed before the convention. Meanwhile the old line inner circle of Democratic leaders, frankly admitting McAdoo seemed to have the inside track for the nomination, worked throughout the night devising means to stop his nomination and find a candidate who could command the necessary two-thirds vote. Champ Clark was discussed as a possibility. The McAdoo people answered if the inner circle forestalled McAdoo's nomination, a coalition will be disclosed, which would produce another Wilson-backed dark horse with enough accessions to win. The name of National Chairman Cummings cropped out whenever the Administration dark horses were mentioned. Cox and Palmer managers when they figured in these discussions, invariably demanded to be shown their candidates were out of the running. Each refused to concede the nomination to the other, but the report persisted there is some kind of an understanding between them and that they favored the nomination of anybody but McAdoo.

McAdoo Just Won't Talk
Huntington, N. Y., July 1.—Maintaining a sphynx-like silence Win. G. McAdoo at his country home here today declined to comment on the activities of the Democratic National Convention. Newspaper men besieged the McAdoo home in a futile effort to obtain an interview. "Nothing to say whatever" was the word brought back.

Mrs. Stewart Secludes Cox
San Francisco, July 1.—Seconding speeches for Cox were made by Mrs. Cora Wilson Stewart, of Kentucky, and Senator Pat Harrison, of Mississippi. If Cox is nominated Harrison will loom as a popular figure second to Cox himself with the Ohio democrats. He won their hearts today when he seconded Cox in a fiery speech, denouncing the "republican lobbyists and newspapers," who have fought the Cox candidacy. Harrison charged that this was due to their desire to name a weak candidate.

Praising California's hospitality, he evoked a great demonstration. Denouncing San Francisco newspapers, he brought forth an even greater one, which turned into an outburst for Cox as he extolled the merits of his choice. Harrison spoke from the state which first adopted prohibition, and as one which first ratified national prohibition. He spoke of "Jimmie" Cox's success in 1916 and 1918 as the one star of hope which "black clouds of republicanism lowered."

"He can put Warren G. Harding on the run," shouted Harrison. Mrs. Wilson told the convention that she had been attracted to Cox by his career and his "tenderness for soldiers."

"Kentucky," she said, "looks with hope to Gov. Cox to lead her back to democracy."

WOMAN ATTEMPTS SUICIDE

Nicholasville, Ky., July 1.—Mrs. Thomas Hunter, 40, attempted suicide at her home, about six miles from here, by cutting her throat with a razor. Her condition is critical. She has six children and her husband is a painter. Mrs. Hunter has been in ill health for some time.

There is said to be an unusual demand for watermelons, although the season as well as the supply is not generally at hand. Good prices are being paid for the few in the local markets.

LEAGUE PLANK WITH RESERVATIONS

Adopted By Platform Committee, Which Amends Wilson's Original Draft

(By Associated Press)
San Francisco, July 1.—After a prolonged bitter fight, a plank dealing with the League of Nations was adopted by the Democratic platform committee early this morning. The administration failed to secure adoption of its plank without amendment. The committee, by a vote of 38 to 18, adopted Senator Walsh's provision for ratification of the Versailles treaty with reservations, consistent with American obligations.

Members of the committee hoped to report the platform late today, but a fight is in prospect in the committee on prohibition and the Irish question. Blunt frankness and spirited clashes marked the debate in the platform committee.

When Senator Glass, chairman, objected to Bryan's public criticism of the subcommittee as a secret body, Bryan replied that he would use it again or any other terms he chose. The subcommittee's draft of the platform declared for ratification of the peace treaty as a requisite to preserve the honor of the nation. It suggests the Irish question cannot be brought legitimately before the League of Nations for settlement. It is silent on prohibition; advocates collective bargaining for farmers; opposes compulsory arbitration of labor disputes; asks recognition of the new Mexican government when it establishes order; calls on the legislatures of Tennessee, Florida and North Carolina to ratify the suffrage amendment; advocates generosity to disabled soldiers, but declares against any excessive bond issues to pay compensation which would put patriotism on a pecuniary basis.

THREE PLANKS YET TO BE SETTLED ON

(By Associated Press)
San Francisco, July 1.—Chairman Robinson called the convention to order at 11:20 after the usual opening services.

New Mexico, the first state on call, simply seconded the nomination of McAdoo. There was a small demonstration.

North Carolina sent W. C. Newland, of Lenoir, to the platform to nominate Senator Simmons, for whom the state is instructed. Oregon announced she had joined the McAdoo boom.

Virginia, through Representative Flood, nominated Senator Glass, and West Virginia through Gov. Cornwell, nominated John W. Davis, Ambassador to Great Britain.

Meanwhile the platform committee in their room were struggling over the platform. They were said only three matters to be settled, the Irish question and dry planks and a proposal to create a Federal Department of Education.

NO AGREEMENT ON ANTI-M'ADOO MAN YET

(By Associated Press)
San Francisco, July 1.—The conferences of the forces seeking to defeat the nomination of McAdoo have failed to reach an agreement on a candidate. The only accomplishment seemed to be a stiffening of the determination to hold as solid as possible the veto block of votes.

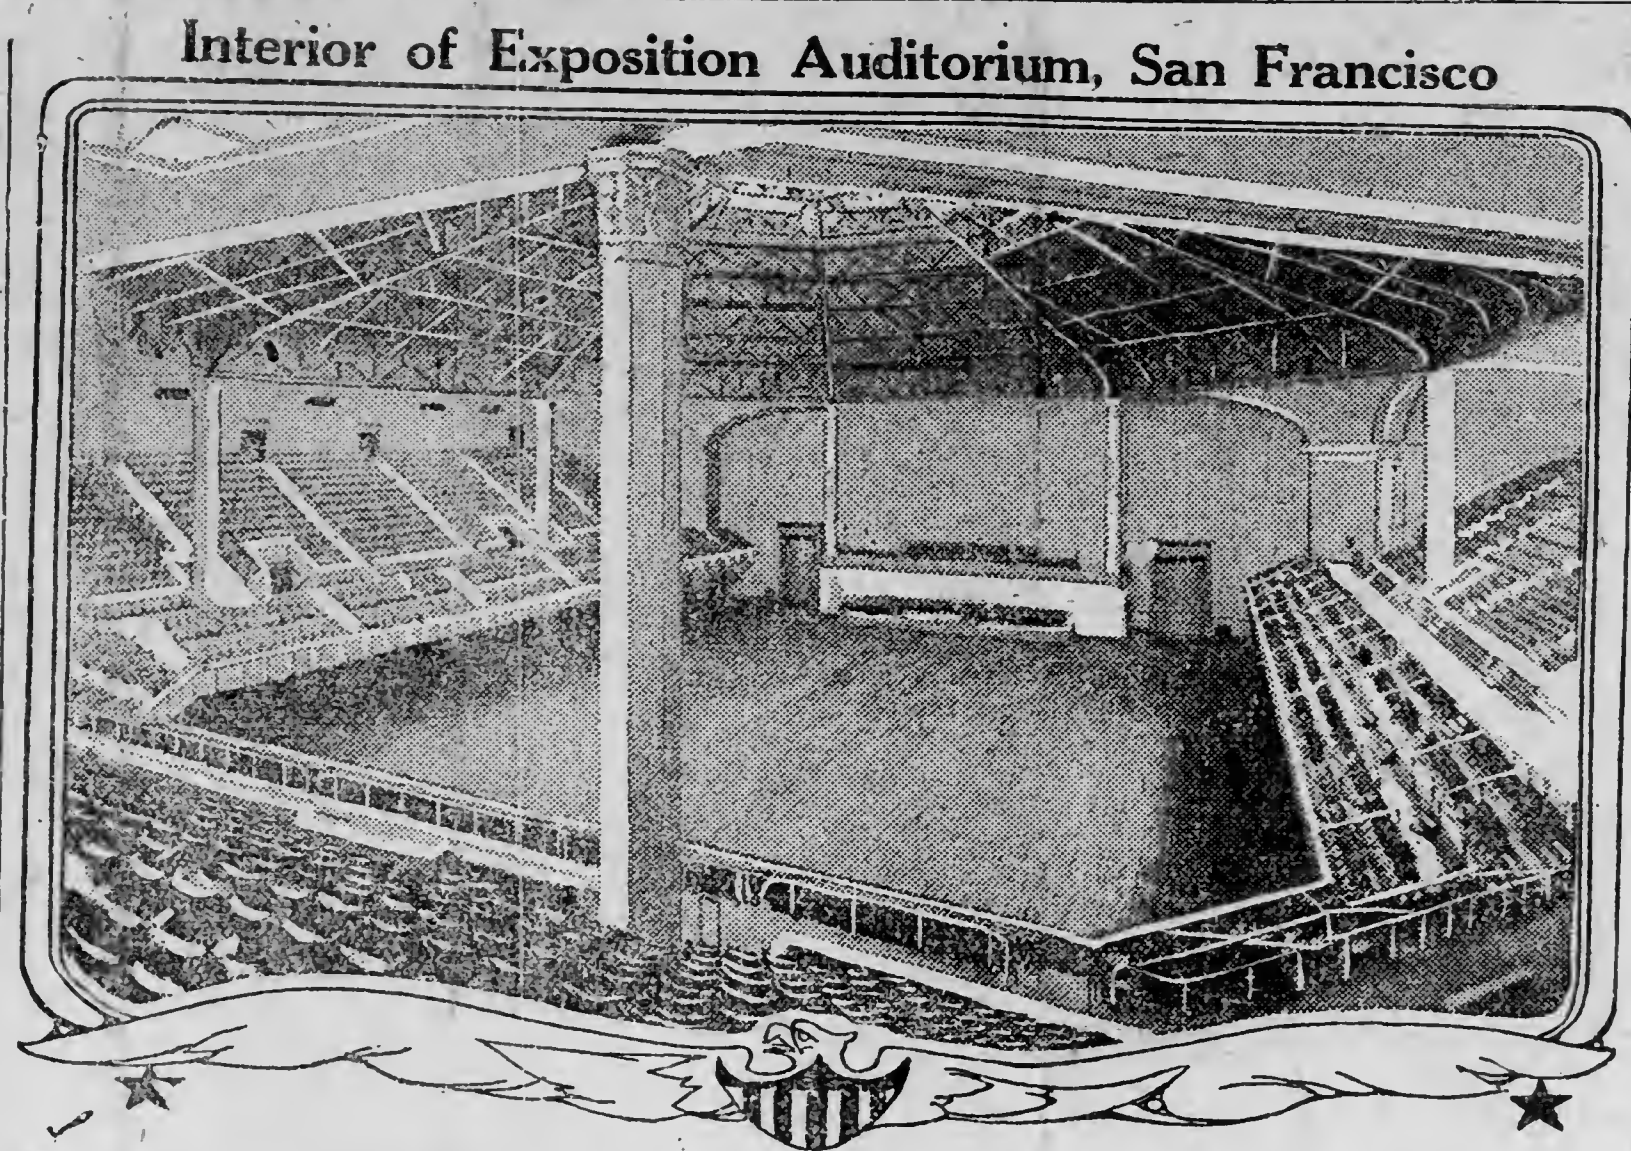

As a counter move the Administration forces are seeking a dark horse of their own to break the combination. Vice President Marshall is mentioned to head the combination. Cummings is also mentioned. A new name is that of Bainbridge Colby.

If a dry plank is adopted, some say Bryan is the only man who could run on it. It is intimated that this is part of the Bryan strategy.

KENTUCKY TROOP IS GIVEN RECOGNITION

Washington, July 1.—The militia bureau of the war department yesterday recognized Troop B, of the Kentucky National Guard, one platoon of which is located at London and another at Manchester.

BARBER WANTED—A good contract for a real Barber, who is steady. See G. W. Goodloe, Richmond, Ky.

A view of the interior of the Exposition Auditorium, San Francisco, looking toward the speakers' platform.

Weather For Kentucky
Partly cloudy tonight and Friday; probably occasional showers.

The Shills For Him

Bryan's Dry Plank

San Francisco, July 1.—Bryan's prohibition plank around which today's fight in the platform committee is centering, congratulates the democratic party upon ratification of the prohibition amendment and pledges the party to effective enforcement of the Volstead law, "honestly and in good faith, without any increase of alcoholic content of permitted beverages and without any weakening of any other of its provisions."

Irish To Force Fight

(By Associated Press)
San Francisco, July 1.—A caucus of Irish sympathizers among the delegates applied to the Resolutions Committee for a hearing today to present arguments for an Irish recognition plank. Chairman Fitzgerald said it was proposed to serve an ultimatum on the committee that a floor fight will be made for such a plank.

After Miss Bessie Dwyer, of Manila, had nominated Francis Burton Harrison, Governor General of the Philippines, and an unannounced made that the platform is not ready, the convention adjourned until 8 o'clock tonight.

FOR SALE—Two extra good milk cows, J. J. Neale.

E. I. EDWARDS

New Jersey's Wet Candidate

LATE NEWS FLASHES

Beginning with today, the government charges \$50 for passports to go abroad, \$1 going to the clerk and \$9 to the State Department.

The first bale of cotton of the season sold at auction at San Benito, Texas, brought, \$1.600.

Texas cotton raisers are employing geese to rid their fields of weeds. It is said that these, used as "cotton choppers," show almost human intelligence.

Prof. J. Leslie Purdom, of Boyle county, sailed today for France, where he will spend some time studying social conditions.

The Dayton, O., city officials have decided that the cars must operate, strike or no strike, and plans are being made to start the cars with what union men there are at hand.

Machinist strike at Cincinnati is assuming serious phase, pickets being arrested charged with beating loyal workmen who are ordered out of town with threats of further injuries.

Cuban sugar growers are said to be holding their supply and demand a "certain" price for the product. None is being shipped to the United States. It is said.

American Railway Express company claims to have lost more than \$100,000 through the operation of a gang of thieves during the past month in West Virginia.

Ohio grain dealers in session at Cedar Point report that there will be a shortage of grain this season, owing to scarcity of labor on the farm.

When P. H. Hukill, Louisville, was arrested for speeding he stated that his passenger was a bridegroom and his bride-to-be was waiting for him, and he was acquitted. Next thing was another man arrested for fast driving and he said he was driving a bride-to-be to her wedding. It proved to be correct, and he was also let go.

An express car on the Charleston by a band of robbers who bound the express messengers, near Augusta, Maine.

Number of the alleged "drug ring" in Indianapolis are changing their pleas from not guilty to guilty, and will doubtless be sentenced to prison or heavily fined within a day or two.

The bodies of 837 American soldiers, consigned direct to the homes of their parents, reach New York today from Antwerp, aboard the transport Mercury.

John H. Mallins, 55, while apparently in good health, dropped dead at the home of Frank Davis, at Hickman, with whom he was talking. There is a bumper crop of blackberries in the vicinity of Princeton, the product being on sale at 50 cents a gallon.

At Paducah, the tobacco growers who have formed an organization of their own, have built a warehouse and salesrooms and are prepared to handle their product in a manner satisfactory to themselves.

NOTICE, LEGIONAIRES

The regular monthly meeting of the Jesse M. Dykes Post, No. 12, American Legion, will be held at the court house Monday (court day) night at 8 o'clock. All members are urged to be present.

HARRY RICE, Commander.
SPEARS TURLEY, Adjutant.

WANTED—Stenographer and bookkeeper. Hours 8 a. m. to 5 p. m. Joe Bender.

THE MARKETS

Cincinnati—Cattle slow, lower; hogs steady; lambs 50c and 75c lower; Jersey half lower.

Louisville, July 1.—Cattle 500; slow and unchanged; hogs 1,400; active and unchanged; sheep 6,000; 50c lower, \$7 down; lambs \$15 down.

ORDER TO STRIKE HAS BEEN ISSUED

Charleston, W. Va., June 30.—A strike of coal miners, affecting approximately 3,000 men, and, if effective, stopping the production of 100,000 tons of coal a week, has been called by Frank Keeney, president of district 17, United Mine Workers of America, to be begun today in the newly organized Williamson field of West Virginia.

Pike county, Kentucky, and the mines therein are effected by the order. It is known that while the producers have for some time been expecting to increase the output, plans for completion he union were being completed. It is estimated that the number of men effected is far in excess of the figures named in the foregoing dispatch.

THIS IS WHAT THOSE TAGS ARE FOR

Monday, July 5, will be Tag Day for the furnace fund of the Pattie A. Clay Infirmary. It is a vital necessity to install a new heating system in this worthy institution as the old plant which was never adequate, completely collapsed last winter and had to be consigned to the junk heap.

The City Council and the Fiscal Court have always co-operated with the Infirmary and were generous in their contribution for a new furnace but a thousand dollars is still required to meet the cost of the new heating plant, special flue and other expenses incident to its installation.

It had come to the point where it was a question of heating the building properly or closing its doors; the public well knows the great good dispensed at this Infirmary and should see to it that the institution is able to "carry on."

Turn your dollars into blessings and wear a tag on court day, showing you are solid behind the P. A. C. and all the good it represents.

Dogs Being Vaccinated

Another outbreak of distemper among the dogs is reported and bloodhounds are said to be suffering to a great extent. Capt. V. G. Mullikin, of Lexington, is said to have lost three valuable dogs as a result of the disease. One was especially well bred and \$500 had been refused for him a short time ago. Some of the owners of valuable dogs are having them vaccinated.

NAVY RECRUITERS HERE

A local navy recruiting office has been established in Richmond on the second floor of the postoffice building. R. G. Harris and R. E. Wayne, from the navy recruiting station at Lexington, are in charge.

HUSBAND WOUNDS WIFE; KILLS SELF

James Lawson, Near Paint Lick, Arouses Neighborhood By Committing Crime

James Lawson, 48, is dead at his home on the Walnut Meadows pike, near the double toll gate, near Paint Lick, and his wife, 45 years old, is hovering between life and death at the hospital at Berea, as the result of a partial ineffectual attempt upon the part of Lawson to kill his bride of six months. While a .22 calibre rifle was the weapon used, two bullets, fired into his own body, just above the heart, resulted in almost instant death. The first bullet, fired at Mrs. Lawson, may add another death to the tragedy which aroused the southwestern part of Madison county shortly before Wednesday midnight.

Should Mrs. Lawson recover she will owe her life to her 9-year-old son, who, after his mother had escaped the home, having been shot, followed her almost a quarter of a mile away from their home, where she fell from the loss of blood, then went for aid, which was found at the farmhouse of "Billy" Jones, a half mile away. The child raised the alarm, after making his way to the farmhouse, and the unconscious body of his mother was soon lifted with tender hands and hurried to the hospital at Berea, where an operation was performed Thursday morning in an effort to save her life. The bullet had not been recovered.

After the escape of Mrs. Lawson, who, it is believed, was shot through the window of her home, after getting away from the house, Lawson turned the weapon upon himself and fired two shots in his left breast a few inches above the heart. It is believed he was in the yard, searching for his wife, and finding her gone, decided to kill himself. The body was found by a searching party about 2 o'clock on Thursday morning in a patch of weeds in the yard of his home. Lawson's body was lying face upward with the rifle across his left arm. He was apparently not injured otherwise. This statement is made as the result of reports emanating from the Lawson household, and which are borne out to a certain extent. Mrs. Lawson has been in such serious condition that she has been unable to give any version or account of the tragedy whatever.

Coroner E. H. Muncy was called by County Judge W. K. Price, who was informed of the tragedy by residents of the neighborhood, who did not know what authority to give information to, and he sent the coroner direct to the scene. Mr. Muncy, accompanied by W. E. Richards, of the Muncy company, arrived at an early hour Thursday morning, but found that the body of Lawson had been removed from the yard and taken into the house and was being prepared for burial.

An investigation developed that a jury was not necessary and it is expected the funeral services will be conducted at the instigation of the children of Lawson, comprising several grown sons as well as a grown daughter, all of whom are married, and were absent from the Lawson home.

A brother of the dead man, from Georgetown, who happened to be visiting at the Lawson home at the time, stated there were no witnesses to the tragedy as far as is known, but he was of the belief that his brother had been having trouble with his wife. Another member of the family is credited with having made a statement that "they had not been getting along well lately." A 13-year-old daughter of Mrs. Lawson, who was Mrs. C. S. Bolton, is said to have been sent from the Lawson home yesterday afternoon for the night, indicating that Lawson contemplated the deed. Mrs. Lawson is said to have displayed severe bruises on her arm and wrist, but the manner in which they were received is not known.

Mrs. Lawson is the owner of the farm upon which she and her husband were living, which adjoins the Parker Anderson farm and near the Thompson S. Burnam farm. Mr. Lawson is said to have been an industrious and apparently progressive farmer. Since their marriage a few months ago children of both, by former marriages, have been absent from their home, with the exception of the little girl and boys, children of Mrs. Lawson. The latter has been unable to rally sufficiently to give any details of the crime.

One of the bullets passed entirely through the body of Lawson, the other reaching almost to the outside surface of the flesh. The shots were apparently fired in quick succession.

GRAND CONCERT PROVES PLEASING

Big Chautauqua Tent Filled During Downpour—Many Artists Booked For Events

With the big Chautauqua tent well filled during a downpour, there are excellent prospects for a good attendance throughout the remainder of the performances, and should there be an increase in the degree of enthusiasm displayed, the neighborhood will resound with praises of those participating in the excellent programs.

The part of the Sibyl Sammis Singers was to introduce the Chautauqua with a grand concert, and they did the task well, acquitting themselves in a manner indicating that they were true artists. The entertainers, both individually and en semble work, proved equal to the occasion of pleasing a rather critical audience, there being many representative artists in the musical world present.

"Facing the Task," a decided change in the program, by Dr. H. E. Rompel proved a transfer from one first class mode of entertainment to another. This master of his chosen subject handles the subject as of old, and carried the interested audience with him throughout the lecture. The points together with the manner in which they were presented, rendered the number highly entertaining.

The program for Thursday afternoon and night, indicate another change in the character of entertainment since the Emerson Williams Company is the headliner. This, for the first time here, will be recognized as the foremost in the way of instructive entertainment. Mrs. Williams, nee Miss Jane McNeil, together with her husband, will have a list of Scotch songs presented true to life, both donning the native costume of the Scotch, for their rendition. This will be but one of the features of the entertainment for the evening.

"The Fortune Hunter" will probably be the selection of Mr. V. S. Watkins, the inimitable monologue artist, whose knowledge of the subjects of which he speaks makes him one of the foremost before the American public today. This, as well as "Bought and Paid For," are his favorite readings.

Then there is Dr. Carolyn Geisel, who will deliver a lecture on "How to be Young at Seventy or Old at Forty." Dr. Geisel, who is now a member of the staff at Battle Creek, Mich., has spent several years in Russia, Germany and other foreign countries in graduation work, and she is giving her American hearers the benefit of her experiences as much as possible. She has a faculty of holding her audience spellbound, so to speak, after she has started in with the fascinating theme. Old and young alike are interested.

The program for Friday and Saturday brings forth another aggregation of entertainers that promises to please. Henry A. Adrain, together with other celebrated artists, will be on the bill, the program for the two days being as follows:

Friday

Morning—Children's Hour.
Afternoon—Concert, Mendelssohn Trio; lecture, "The Wonders of Burbank," by Henry A. Adrain.

Saturday

Morning—Children's Hour.
Afternoon—Grand concert, New York Opera Singers.

Night—Concert, New York Opera Singers; lecture, "Human Nature and Politics," by Opie Reid.

Detectives have clow to robbers who looted St. Paul, Minn., bank and arrests are hourly expected.

since their range were exactly the same, and were but a trifle over an inch apart. It is believed by the coroner that death was instantaneous.

The investigation developed the theory that Mrs. Lawson had had trouble and that it was while she was making her escape from the house that her irate husband fired the shot through the window, since there is a small hole in one of the windows in direct line in which the fleeing woman is said to have departed from the house and the position of her husband when the probably fatal shot was fired upon his discerning that his wife had escaped him.

Political Announcements

The following candidates for subject to the action of the Democratic Party.

W. C. GIBBERT, of Shelby County
W. K. RIFE, of Anderson County.

GIVE 10 DANCES

FOR DISABLED SOLDIERS

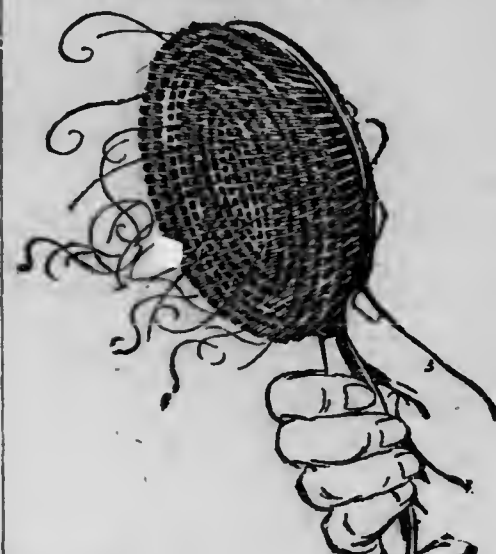

A series of ten dances for all disabled former service men in Cincinnati as well as for all men taking vocational training, will be held Wednesday night of each week during the summer on the roof garden of the Ohio Mechanics Institute. Mrs. Thomas J. Embury has announced that she will finance the scheme. Fifty girls from the Community service will be invited to the dances.

At a recent meeting of the state D. A. R. held in Lexington at the Phoenix hotel, Mrs. Paul Burnam was appointed a member of the committee on education. Mrs. J. M. Arnold, the new regent, presided at the meeting.

An important new telephone line is soon to be extended from Lynch, the new city on the Harlan county border, up Cumberland river into the headwaters in Letcher county.

"DANDERINE"

Stops Hair Coming Out;
Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

WACO

(Delayed Letter)

Messrs. Vester and Wm. Hise, of Burlington, spent the week-end with their sister, Mrs. Robt. Elkin.

Miss Sabra Estes is visiting friends in Lancaster.

Dr. E. E. Noel, of Huntington, W. Va., spent the week-end with friends here.

Agents here are finding it difficult to get cars to fill orders. Mr. O. C. Rucker went to Toledo, O., last week and drove a car thru this being the third trip for him this season.

Mrs. J. W. Stewart and little daughter, Elizabeth, of Lexington are visiting Hon. and Mrs. C. L. Searcy.

Mr. Grover Cain, of Ravenna, visited friends here last week.

Mr. and Mrs. Charles Murphy are receiving congratulations over the arrival of a pretty little daughter.

Mr. Tom Challas died at his home near Waco, June 6, from a complication of diseases. Funeral services were conducted at Flat Woods church and interment in the Challas burying ground.

G. S. McKinney and Rev. H. T. Bonny have returned from Grassy Lick near Mt. Sterling, where they attended the Lexington district conference.

Rev. Smith, of Georgetown, preached at the Waco Baptist church Sunday morning and evening, the regular pastor, Rev. Davis, having been detained at home on account of sickness.

Miss Minnie Zittel has returned from Huntington, W. Va., where she spent the winter and spring with her sister, Mrs. T. C. Lowry.

Miss Lucy Thorpe, who was operated on at the Robinson Hospital at Berea, a few days ago, is recovering.

The Country Club of Garrard county, entertained quite a number of Waco young people Sunday at the club-house on the Dix river with a fish fry. All present were loud in their praise of the splendid entertainment.

DREYFUS

Miss Candace Ashcraft has returned to her home at Heidelberg after visiting relatives here.

Mrs. Dora Lamb, of Fairfield, O., will arrive soon to visit her father, Clifton Benz.

Rev. VanWinkle, filled his regular appointment here Saturday and Sunday.

Miss Catherine Puckett gave the young folks a social Thursday evening.

Eva McNeilly was the guest of Mrs. Maude Ruble, Sunday.

Rev. Freeman will preach here Saturday night and Sunday.

Gladys Jones, of Danville, spent last week with her cousin, Miss Tressie Jones.

Clinton Lunsford, of Lexington, spent the week-end with homefolks.

WOOL GROWERS ARE GROWING STRONGER

Ten More Counties Add Products
To Pool Which State Committee Will Sell

Ten more counties have been added to the 24 which pooled their wool and refused to sell it at the prices offered at the big meeting at Lexington and there will be no selling at the prices quoted, say the growers. It has been arranged to have the 600,000 pounds of wool offered, together with 400,000 pounds of the state's clip not yet pooled, concentrated at some point in the state under the supervision of the state central wool committee, of which Dr. R. R. Stevenson, of Lexington, is chairman, and Walter Meng, of Bourbon county, and Lyman Yancey, of Owen county, are members, and will be shipped to one of the big wool markets of the country, probably to Chicago.

Charges were made among the farmers on the floor that there had been a meeting Sunday night and the buyers from outside of Kentucky had agreed not to make offers for the Kentucky crop in order that the Kentucky buyers could get the wool at lower prices. These charges were emphatically denied by the buyers, and the rumor could not be verified. The wool growers said they expect an average of 60 cents a pound for the wool while 53 cents was the highest bid made for the short quantity.

ORDERS OF TRAFFIC OFFICER ARE OBEYED

Traffic officer—yes, that's right, same as seen in metropolitan cities—well, Traffic Officer Wade Golden was a busy man at Second and Walter streets Thursday afternoon, when he directed the course of more than 300 vehicles in a few minutes over one hour's time, and the establishment of this guard and director is greatly appreciated upon the part of all, for there was every desire upon the part of the driver, upon seeing the officer, to go according to his directions.

The traffic at this point, even during the Chautauqua, has been greatly augmented by the fact that Lancaster avenue the only other approach to the Eastern Normal is closed, owing to the paving work. The crossing marks one of the most dangerous in the city of Richmond, there being three inclines leading to it, with three of the four corners closed to observation by buildings.

"They are great at obeying orders," said Officer Golden, in speaking of the manner in which he was received. "Some of the delivery wagon drivers," he claimed "are the worst, but I guess they are nearly always in a hurry, but

there has been absolutely no trouble, and thus far no congestion of traffic. You would be surprised at the carefulness of some of the drivers, and then again the carelessness of some. Why, at times, there are machines almost upon me before the driver thinks of anyone's possible approach from the other directions, but they are soon upon the job. It occurs to me that the ladies are the most careful drivers."

The special service will be continued until the close of the Chautauqua. Officer Golden is on duty during the afternoon and evening.

Notice of Dissolution of Corporation

Notice is hereby given to all concerned that the Madison Electric and Plumbing Company, a corporation, has formally dissolved, as a corporate body as of July 1, 1920.

Those indebted to the above corporation must settle at once, and any having claims against said corporation should present same immediately.

Madison Electric & Plumbing Co. By Joe Bender and Fred Davison, Secretary and Treasurer.

Mr. Joe Bender will continue with the plumbing under the name of Joe Bender, Plumber, and F. M. Davison will continue with electrical and Delco-Light under the name of Madison Electric Co. -158 1th 4w

The speed department of the Kentucky state fair for 1920, September 13-18, promises to excel that of former years.

Indictments against 2,264 alleged "slackers" in Brooklyn, N. Y., were filed today in federal court.

Not fewer than 15,000 teaching positions in public schools will be without properly qualified teachers next fall, if the estimate of A. O. Neal, of the United States bureau of education, prove to be correct.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HAARLEM OIL

being quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box and accept no imitation.

Estate SINGLE REGISTER WARM AIR HEATING SYSTEM

Pipeless heating depends upon the circulation of air. And the reason why the Estate Single Register Warm Air Heating System is more efficient and economical than the ordinary "pipeless furnace" is because it insures a fuller and freer circulation of air. It is entirely different in construction from any other warm air heating system.

Pipeless Warm Air Heating Perfected

A radically different principle of construction takes the Estate entirely out of the class of the ordinary "pipeless furnace." The intake pipes are separate and distinct from the main casing. This construction affords a considerably larger space for air circulation and absolutely eliminates friction between cooled air coming down and warm air going up. Fuller and freer circulation is thus secured, resulting in the heating of at least 35 per cent more air than in other makes.

SUPERIOR EFFICIENCY AND ECONOMY—The air-tight and gas-tight construction, extra large radiating surface. **CONVENIENCE**—Ball-bearing grate; patented clean-out scraper in radiator; double feed door; vapor tank swings out. **DURABILITY**—Extra heavy all-cast-iron construction; 5-YEAR guaranteed fire pot. **DEPENDABILITY**—Sold under iron-clad guarantee.

And for homes which have no basement—
THE ESTATE HOT STORM

The little brother of the Estate Single Register Warm Air Heating System. Looks like a stove—built and works like a furnace. Heats by warm air circulation. Uses less fuel than an ordinary stove. Provides warm air for 3 or 4 rooms—more in some houses.

Come In and Let Us Show You

DOUGLAS & SIMMONS

BOYS RETURN FROM CAMP DANIEL BOONE

Bring Reports of Enjoyable Outing and Many Win Trophies
—Camp Still Open

With a smile, a coat of tan and a good account to give of themselves, together with just a little tinge of gladness at being home again, the lads from Richmond who have been enjoying the first quarter at Camp Daniel Boone, the Y. M. C. A. summer recreation headquarters along the Kentucky river, are stringing in.

They report life at the camp was never better and the boys usual, is freely admitted. The work will be extended next year, when two additional camps will be made, one at Bowling Green and the other at Mammoth Cave.

Athletics are given a prominent place in the way of entertainment and many hours are devoted to pastimes that are both interesting and beneficial. During recent contests held at the camp, in which many participated, Richmond boys won prizes as follows:

Shelton Saufley—bronze triangle; 2nd, 100 yard dash.

Earl Jones—bronze triangle; 1st, ribbon; 2nd, running high jump; standing broad jump.

Burnelle Martin—bronze triangle; 1st, standing broad jump; 2nd, running high jump.

Lafon Wilson—Bronze triangle; 1st, high dive; 2nd, ribbon, running broad jump.

Edgar Higgins—Bronze triangle; 2nd, tennis tournament.

The art of swimming is given special attention and many of the lads who were unable to take care of themselves in the water last year are now promising swimmers. They are taught along the regulation lines, with guards in attendance to see that accidents do not befall them. There is said to be a very able and efficient

corps of instructors along the entire line of sports, in which most of the boys rejoice. The period for Richmond boys will continue at intervals, the last ten days period closing on July 28.

Henry S. Caywood, of North Middletown, purchased of Rager Conch, of near Mt. Sterling, a saddle horse for \$700.

SOCIAL AND PERSONAL

Entertained Her
 Bridge Club

Mrs. Murray Smith entertained her
 bridge club Wednesday afternoon.
 Among the players were: Mesdames
 E. C. Stockton, Shelton Saufley, Car-
 rie Henry, Hale Deane, B. J. Clay,
 William Marsteller, A. R. Denny, War-
 field Bennett, W. P. Millard, R. R.
 Burnam, Jr., S. J. McGaughey, T. C.
 McCown, M. C. Kellogg, Julian
 Tyng, Overton Harber, Harry Han-
 ger, Jr., Harold Oldham, Joel Park,
 Misses Willie Kennedy, Madge, Bur-
 nam, Mary D. Pickett, Mollie Pife,
 Helen Bennett, Elizabeth Turley; Mrs.
 Joe Prewitt Chenault and Miss Jose-
 phine Chenault joined the party for
 lunch.

Warren-Smith

Miss Beniah Warren, a popular
 young lady of the Edenton section,
 and Mr. Webster Smith, of the same
 locality, were married this week at
 the home of the bride, Rev. O. J.
 Young performing the ceremony.
 Their many friends extend congrat-
 ulations.

 burg, will be deputy banking commis-
 sioner.

SWIFT'S REVIEW

**Cows Make Two Billion Dollar
 Industry**

"The importance of the dairy
 industry is indicated by the fact
 that during the calendar year 1919
 approximately 90 billion pounds of
 milk were produced in the United
 States, enough to provide
 nearly 850 pounds for every man,
 woman and child, or practically
 2 1/3 pints per day. On the basis
 of the average 1919 prices, this
 milk had a cash value to the pro-
 ducer of more than \$2,000,000,-
 000."—From the Market Report-
 er published by the U. S. Dept. of
 Agriculture.

Volume of cream delivered dur-
 ing the week is slightly under the
 volume of a year ago, with slight
 changes in market conditions.
 Approximately half a million
 pounds of butter were received in
 New York this week from Hol-
 land and Denmark.

Receipts of live poultry are in-
 creasing; prices generally, are
 unchanged. Demand continues
 good, due to the light stocks of
 poultry in storage. Young chick-
 ens are being marketed in in-
 creasing quantities.

Egg receipts are more than suf-
 ficient for current consumption,
 and the surplus is being stored. It
 is of great importance that eggs
 be gathered daily, kept in a cool
 place and marketed frequently. It
 is suggested that infertile eggs
 be produced, by removing roost-
 ers from the flock in the summer
 time.

Warmth
 and Comfort
 all Winter

Let the blizzards rage! Let the zero weather come!
 Let the old North Wind do his worst! Let the cost of
 fuel go up! Why should you bother about these things?
 YOUR comfort and warmth—and low fuel bills, too—

*Are Assured
 When You Have a
 Moore's
 Pipeless Furnace*

—it is simple and easy to install and economical to
 operate—it gives a warm moistened atmosphere all over
 the house day and night.

The MOORE'S ANTI-CARBON FIRE-POT will actually save 38 cents out of every dollar
 you would spend for fuel because it burns all the gas, smoke, and soot which in other furnaces and
 stoves is passed up the chimney and wasted. It will burn slack coal just as well as the best
 grades of lump.

The SELF-CLEANING RADIATOR automatically drops the dust back into the fire-pot so the
 heating surfaces are always clean and can consequently deliver all the heat in the fuel.

The LARGE MOISTURE PAN located in the most effective place keeps the indoor atmosphere
 properly moistened for the requirements of health. Only a warm air system can do this.

You can make no mistake in putting in a MOORE'S PIPELESS FURNACE now

EXTRAORDINARY FILMS FOR ENTIRE WEEK

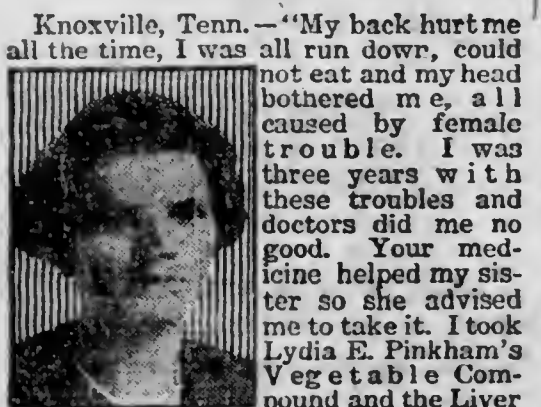

Patrons of the local picture shows this week are receiving a treat in the way of a number of extraordinary offerings and the attendance indicates a keen appreciation of the fact and the ability of local attendants to recognize an attraction of unusual merit when it's coming is announced. Thursday, "A Joyous Liar" will be presented with J. Warren Kerrigan in the stellar role and "The Lost City" is another attraction demanding the attention of those regarded as film critics.

On Friday night Elaine Hammerstein in "The Woman's Game," will be on the boards and this Select picture promises to be largely attended, the patrons also to be given the opportunity to witness special pictures in "Rock to Sleep," and others.

On Saturday night, "Jack Straw," from the famous stage play, in which Robert Warwick in the new screen comedy performs most admirably, will be seen. This is one of real comedy, good for the blues, but bad for a cracked lip.

BACK HURT ALL THE TIME

Mrs. Hill Says Lydia E. Pinkham's Vegetable Compound Removed The Cause.

Knoxville, Tenn.—"My back hurt me all the time, I was all run down, could not eat and my head bothered me, all caused by female trouble. I was three years with these troubles and doctors did me no good. Your medicine helped my sister so she advised me to take it. I took Lydia E. Pinkham's Vegetable Compound and the Liver Pills and used Lydia E. Pinkham's Sanative Wash and now I am well, can eat heartily and work. I give you my thanks for your great medicines. You may publish my letter and I will tell everyone what your medicines did for me."—Mrs. PEARL HILL, 418 Jackson St., Knoxville, Tennessee.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

RED CROSS PRAISES CITY AND COUNTY

Noble Work During Period of Stress Will Be Kept On Permanent Record

Richmond and Madison county, as well as the entire state, which came to the front and stayed there as long as it was necessary regarding the Red Cross, is complimented in a letter being sent out from state headquarters to the various chapters, and adds that the records will go down in history as a brilliant and everlasting achievement greatly to the credit of the state. The work throughout the state of Kentucky has been both widespread and extended. It began early and has continued. The local county and the city of Richmond especially are well placed in the credit column, and the reports of the officials, who are cognizant of this fact, feel that everyone has given in the way of assistance in any manner, is not forgotten, nor will it be for years to come, since the matter of record will be preserved.

The state office will close on June 30. This is given as the reason for the resignation of R. C. Ballard Thurston, assistance of the Lake Division for Kentucky, as well as that of Miss Lida Hafford, the Kentucky executive secretary.

Mrs. D. L. Cobb, local secretary, who is out of the city at present, visiting at Dry Ridge, and also Mr. S. W. Norman, who has been devoting his time and attention to the pension phase of the work, is in charge of the camp for boys along the Kentucky river, have not been apprised of the communication. Besides all of the assistance rendered during the drive and subsequent calls, there is yet money in the local treasury, and but recently did the Red Cross turn over \$50 to the Salvation Army.

Pearlman Camp Open.

On Banks of the Kentucky Harry and Reuben Pearlman and guest Isador Levy, of Lexington, have packed tents, fishing tackle, etc., and hied away to the Pearlman farm in the vicinity of Clay's Ferry, where they will spend some time camping. The trio will have a number of guests from the city during their stay, since the farm is known for the entertaining qualities and the occupants for their hospitality. The tents will be pitched on the banks of the Kentucky river, and the vicinity is said to be out of the ordinary when good fishing is considered.

NO PROFITEERING IN MILLING INDUSTRY

Says Julius Barnes, Wheat Director During War, Who Submits Figures

Local millers have just received a comprehensive statement by Julius H. Barnes, United States Wheat Director, refuting charges made to the United States Labor Board of alleged "profiteering" in the milling industry. It will be of interest alike to the consumer and producer.

Mr. Barnes stated that there could not have been profiteering between the farmer and consumer under the Food Administration and the Wheat Director because flour and bread prices did not keep pace with the advance in the price of wheat.

Bread prices to the consumer in the United States have advanced only 100 per cent since 1913, while in the same period retail flour advanced 145 per cent and wheat 200 per cent.

These statistics are included in a letter sent to the United States Railroad Labor Board by Mr. Barnes, protesting against statements charging profiteering in flour made by W. Jett Lauck, economist for the Railroad Brotherhood, in a recent report to the Board.

Mr. Lauck asserted in statements to the Board that one-third of the cost of flour to the consumer represents profits and that two-thirds of this profit may be laid to profiteering, carried on under government supervision. Being obviously based on the report of the Federal Trade Commission on Flour Milling and Jobbing, which appeared in April, 1918, Mr. Barnes calls the attention of the Board to the fact that the Lauck analysis is drawn from a statement of conditions which existed before the war, although an inference is that it refers to a situation created under the Food Administration and the authority of the Wheat Director.

He also points out that there are several serious errors in Mr. Lauck's report. Aside from these, he directs attention of the Labor Board to the fact that the true measure of whether, under the Food Administration and Wheat Director, "profits and profits" were piled up against the consumer, is in the relation between the price of wheat and the price of bread.

Figures in Mr. Barnes' statement show conclusively that flour and bread prices did not keep pace with the advance in the price of wheat, therefore there could not have been profiteering between the farmer and the consumer under the Food Administration and the Wheat Director.

The following table of average prices of wheat, flour, and bread in the United States for the period from 1913 to 1920, were submitted by Mr. Barnes:

Average for	Wheat	Flour	Bread
Year 1913	\$1.49	3.36	5.66
May 1917	\$2.46	8.7	9.6
Dec. 1917	\$2.69	6.7	9.3
Apr. 1918	\$2.85	6.8	9.9
Aug. 1918	\$2.17	7.4	10.1
April 1920	\$2.34	8.1	11.2

Shown as relative prices based on the average for the year 1913, these figures become:

Year	Wheat	Flour	Bread
Year 1913	100	100	100
May 1917	164	256	168
Dec. 1917	180	205	166
Apr. 1918	194	206	177
Aug. 1918	150	224	180
April 1920	157	245	200

New Bookkeeping System
The new system of bookkeeping at Eastern Normal goes into effect tomorrow, and there is a large enrollment of students. It is said the new course is a great improvement over the former mode of keeping accounts. The conference of officials of the school with expert accountants at Louisville recently was in connection with the introduction of the new system.

J. H. Brown, of Ashland, has resigned as assistant state mine inspector, effective today.

BOUNTIFUL RAIN PROVES A BLESSING

The bountiful rainfall Thursday afternoon, it is believed, was the greatest blessing, many say, that could have befallen the city and county, for practically the entire county was drenched. For several days there had been slight showers here and there with but a temporary cooling off of the atmosphere as the result. However, Thursday afternoon the attention of the weather man was evidently called to the fact that Madison county was drying up, so to speak, or perhaps, the convention at Frisco attracted his attention, for the rain began, and continued until the earth was given a liberal treat.

Tobacco, as well as garden truck, was sadly in need of rain, as well as foliage and fruit in many respects. The harvest work was being continued beneath a sweltering sun and the dust in the city was something unusual, which is saying plenty. It was expected that a sprinkling of the streets, especially those leading to Eastern Normal, would have to be resorted to, and this movement was on foot when the rain arrived. Indications are that there will be continued light showers which, according to the advance weather predictions, will not be sufficient to greatly interfere with business, and will go far towards making the remainder of the week more comfortable.

Reports from Woodford county received are to the effect that most of the wheat has already been cut. The cutting, which began early, will be finished there this week.

G. B. SWINEBROAD REPORTS JUNE SALES

Kentucky Land Valued At More Than Quarter Million Dollars, Already Sold This Year

Swinebroad, the Real Estate Man of Lancaster, Ky., tenders a most excellent report of his auction sales of land during the month of June. These were the sales advertised in his June catalog. Every farm was offered just as advertised and sold to the entire satisfaction of the owners and purchasers. The report is as follows:

June 8, for W. A. Rawlings, 150 acres in Marion county for \$7,000.

June 12, for E. M. Shelley, 65 acres in Boyle county, to J. H. Branaman, at \$300 an acre.

June 15, for J. W. Riggins, 158.2 acres in Casey county: Sold in three tracts to Luther Elliott, 49.55 acres at \$297 an acre; to Ray Elliott 36.38 acres at \$187 an acre; to M. L. Elliott, 72.27 acres at \$263.25 an acre. Average per acre, \$256.30.

June 16, 102 acres for B. D. Holtzclaw, in Lincoln county, to Oscar Holtzclaw, at \$125 an acre.

June 16, for Mr. and Mrs. J. W. Crutcher, 140 acres in Lincoln county, to Will Montgomery at \$125 an acre.

June 17, 210.6 acres in Lincoln county for B. D. Holtzclaw to R. L. Hubble, at \$115 an acre.

June 19, the Rogers farm at Lebanon, Marion county, owned by G. B. Swinebroad and R. H. Dever, to Salem George and G. W. Hughes, 233.2 acres at \$225 an acre and 33.11 acres at \$250 an acre.

June 22, 267 1-2 acres in Marion county for J. T. Langford, to Rawlings Brothers, at \$140 an acre.

June 26, the land of G. B. Swinebroad at Danville in which unimproved land sold as high as \$695 an acre. At this sale D. W. Mahan purchased 15.6 acres at \$695 an acre; G. T. Eblen 3.79 acres at \$420 an acre; L. C. King, purchased 3.51 acres at \$695 an acre and 3.62 acres at \$500 an acre. C. R. Martin 52.45 acres at \$238 an acre, and the Board of Commissioners of the Institute for the Deaf, bought 63.84 acres at \$300 an acre.

This makes 1,503 acres of land Swinebroad sold in June for \$268,885.21, representing more than a quarter of a million dollars in one month. He has sold from the first of January to the first of July, 2,989 acres for a total of \$689,184.67, besides considerable property at private sales. Swinebroad and his assistants, W. E. Moss, R. H. Dever and his son, George Swinebroad, are now preparing for their July sales. Write to them for a catalog. Swinebroad is the only man in the business who does enough business to justify the issue of these catalogs and he is thus enabled to render the service which the public is looking for. Watch this paper for his next series of advertisements.

ANNUAL CLEANING OF RURAL SCHOOLS

Word was sent out today to trustees of the schools of the county informing them that there would be the annual cleaning up at the rural school premises on Saturday, July 10. This order applies to the colored as well as the white schools, and is for the purpose of eliminating the many petty diseases now prevalent in the county. The premises will be cleared of rubbish, the floors of the buildings will be oiled and other improvements made for the reception of the students on July 12 and 19, when the schools of the county will be opened for the regular term.

The precautionary measures are taken in order to insure as good, if not better, health conditions than prevailed last year, although there was but little interference with the progress of the average student owing to illness.

KNIFE VICTIM MAY YET RECOVER FROM WOUNDS

Frank Cavanaugh, colored, who was slashed with a knife by N. B. Hill, another colored boy, as a result of a fight while unloading cement, is believed to be in a fair way to recover at the Pattie A. Clay hospital, despite the extended gash in his stomach. When surgeons first viewed the wounds it was their belief that the boys would surely succumb within a short time. Young Hill is under arrest and being held the outcome of Cavanaugh's injuries.

New Figures On Tire Mileage

The Miller Tire makers, in late years, have nearly doubled their tire mileage.

In their factory tests made last year no rival tire could match the Miller service.

Miller treads outwore all rivals by an average of 25 per cent.

Large tire users are making million-mile comparisons. As high as 20 rival makes are compared with Millers. Miller Tires have already won many of these tests.

Large Miller dealers, making careful comparisons, find that Miller Tires increase their customers' mileage from 50 per cent to 75 per cent.

It is time to get new figures on tire mileage. Try a Miller, watch the mileage, compare it with the tire that you use opposite.

Hundreds of thousands have in this way come to Miller Tires. And Millers are today the most talked-about tires in America.

Tread Patented

Center tread smooth, with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads mesh like cogs in dirt.

MADISON COUNTY COURT.

In matter of application for changing location of Red House Pike so as to eliminate railroad grade crossings.

NOTICE

Notice is hereby given to the public that C. W. Cobb has filed his petition in the Madison County Court, in which he asks that said Court shall, by proper orders, change and re-locate that portion of the Richmond and Red House pike, as follows:

Beginning at a station No. 46 plus 09 on the State Aid Survey, of the Richmond and Winchester pike, as shown by the State Highway Department's plan No. 73A2, dated 1913, said station No. 46 plus 09 being in the center of said pike as now located, and 109 feet north of the north abutment of a small bridge on said pike, near the L. & N. R. R. Co.'s crossing 51 feet toward Winchester from mile post No. 111 on the L. & N. R. R.; thence leaving the present location, and extending in a southerly direction, the proposed center line of the said L. & N. R. R. Co.'s main track, over the lands of W. A. Williams, for a distance of 908 feet; the right of way of the said proposed pike through Williams to be 40 feet wide; thence continuing 53 feet east of said railroad, over the lands of Wm. Embree for a distance of 3313 feet, the right of way of said proposed pike through Embree to be 53 feet wide; thence curving toward the east, through the lands of Horace Dozier for a distance of 177 feet to the center line, as shown by revised survey of the said Richmond and Winchester pike, to a point in the center of the said pike as now located, at a station 10 plus 81.8 on said survey, so as to close and abandon the crossing of the L. & N. R. R., which is 51 feet toward Winchester from mile post 111, on said railroad, and also to close and abandon that part of the said Richmond and Winchester pike as now located between the aforesaid crossing of the L. & N. R. R. and the division line between Wm. Embree and Sam Hugely (colored) as shown by plans and drawings for said work now on file in the office of the County Road Engineer.

Said petition will be heard July 5th, 1920.

J. G. BAXTER,
County Road Engineer.

MADISON COUNTY COURT.

In matter of application for changing and re-locating County Road No. 128, South of Red House.

NOTICE

Notice is hereby given to the public that Sam P. Todd has filed his petition in the Madison County Court, in which he asks that said Court shall, by proper orders, change and re-locate that portion of the County Road No. 128 South of Red House, as follows, to-wit:

Beginning at a point in the county road No. 128, near the crossing of the L. & N. track, 1350 feet toward Richmond from mile post 112 on the L. & N. R. R. south of Red House, thence following the east right of way line of the said L. & N. R. R. the proposed center line of the road being 15 feet from said right of way line, or 48 feet from the center line of the main track, in a southerly direction over the lands of W. A. Williams, for a distance of 572 feet, and of Austin House for a distance of 300 feet, to an intersection of the old road No. 128 near the second railroad crossing south of mile post 112, so as to locate said portion entirely east of the L. & N. R. R. Co.'s land, as shown by the attached map No. K 11321 from the L. & N. R. R. Co.'s Paris office, and to close the said crossing of the L. & N. R. R. 1350 feet toward Richmond, from mile post 112, and to abandon and close that portion of the said road No. 128 now located west of the said L. & N. R. R. Co.'s right of way and between the two crossings above referred to.

Said petition will be heard July 5th, 1920.

J. G. BAXTER,
County Road Engineer.

MORE TO COME IN

More contributions are to come in for the Salvation Army fund and it is believed the work of the past few days will result in a very neat sum from the city and county. A number of rural towns will be solicited during the last of the week.

EXTRAORDINARY FILMS FOR ENTIRE WEEK

Patrons of the local picture shows this week are receiving a treat in the way of a number of extraordinary offerings and the attendance indicates a keen appreciation of the fact and the ability of local attendants to recognize an attraction of unusual merit when it's coming is announced.

Thursday, "A Joyous Liar" will be presented with J. Warren Kerrigan in the stellar role and "The Lost City," is another attraction demanding the attention of those regarded as film critics.

On Friday night Elaine Hammerstein in "The Woman's Game," will be on the boards and this select picture promises to be largely attended, the patrons also to be given the opportunity to witness special pictures in "Rock to Sleep," and others.

On Saturday night, "Jack Straw," from the famous stage play, in which Robert Warwick in the new screen comedy performs most admirably, will be seen. This is one of real comedy, good for the blues, but bad for a cracked lip.

BACK HURT ALL THE TIME

Mrs. Hill Says Lydia E. Pinkham's Vegetable Compound Removed The Cause.

Knoxville, Tenn.—"My back hurt me all the time, I was all run down, could not eat and my head bothered me, all caused by female trouble. I was three years with these troubles and doctors did me no good. Your medicine helped my sister so she advised me to take it. I took Lydia E. Pinkham's Vegetable Compound and the Liver Pills and used Lydia E. Pinkham's Sanative Wash and now I am well, can eat heartily and work. I give you my thanks for your great medicines. You may publish my letter and I will tell everyone what your medicines did for me."—Mrs. PEARL HILL, 418 Jacksonboro St., Knoxville, Tennessee.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has been published are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

RED CROSS PRAISES CITY AND COUNTY

Noble Work During Period of Stress Will Be Kept On Permanent Record

Richmond and Madison county, as well as the entire state, which came to the front and stayed there as long as it was necessary regarding the Red Cross, is complimented in a letter being sent out from state headquarters to the various chapters, and adds that the records will go down in history as a brilliant and everlasting achievement greatly to the credit of the state. The work throughout the state of Kentucky has been both widespread and extended. It began early and has continued. The local county and the city of Richmond especially are well placed in the credit column, and the reports of the officials, who are cognizant of this fact, feel that everyone has given in the way of assistance in any manner, is not forgotten, nor will it be for years to come, since the matter of record will be preserved.

The state office will close on June 30. This is given as the reason for the resignation of R. C. Ballard Thurston, assistant of the Lake Division for Kentucky, as well as that of Miss Lida Hafford, the Kentucky executive secretary.

Mrs. D. L. Cobb, local secretary, who is out of the city at present, visiting at Dry Ridge, and also Mr. S. W. Norman, who has been devoting his time and attention to the pension phase of the work, is in charge of the camp for boys along the Kentucky river, have not been apprised of the communication. Besides all of the assistance rendered during the drive and subsequent calls, there is yet money in the local treasury, and but recently did the Red Cross turn over \$50 to the Salvation Army.

Pearlman Camp Open

On Banks of the Kentucky Harry and Reuben Pearlman and guest Isador Levy, of Lexington, have packed tents, fishing tackle, etc., and hied away to the Pearlman farm in the vicinity of Clay's Ferry, where they will spend some time camping. The trio will have a number of guests from the city during their stay, since the farm is known for the entertaining qualities and the occupants for their hospitality. The tents will be pitched on the banks of the Kentucky river, and the vicinity is said to be out of the ordinary when good fishing is considered.

NO PROFITEERING IN MILLING INDUSTRY

Says Julius Barnes, Wheat Director During War, Who Submits Figures

Local millers have just received a comprehensive statement by Julius H. Barnes, United States Wheat Director, refuting charges made to the United States Labor Board of alleged "profiteering" in the milling industry. It will be of interest alike to the consumer and producer.

Mr. Barnes stated that there could not have been profiteering between the farmer and consumer under the Food Administration and the Wheat Director because flour and bread prices did not keep pace with the advance in the price of wheat.

Bread prices to the consumer in the United States have advanced only 100 per cent since 1913, while in the same period retail flour advanced 145 per cent and wheat 200 per cent.

These statistics are included in a letter sent to the United States Railroad Labor Board by Mr. Barnes, protesting against statements charging profiteering in flour made by W. Jett Lauck, economist for the Railroad Brotherhoods, in a recent report to the Board.

Mr. Lauck asserted in statements to the Board that one-third of the cost of flour to the consumer represents profits and that two-thirds of this profit may be laid to profiteering, carried on under government supervision.

Being obviously based on the report of the Federal Trade Commission on Flour Milling and Jobbing, which appeared in April, 1918, Mr. Barnes calls the attention of the Board to the fact that the Lauck analysis is drawn from a statement of conditions which existed before the war, although an inference is that it refers to a situation created under the Food Administration and the authority of the Wheat Director.

He also points out that there are several serious errors in Mr. Lauck's report. Aside from these, he directs attention of the Labor Board to the fact that the true measure of whether, under the Food Administration and Wheat Director, "profits and profits" were piled up against the consumer, is in the relation between the price of wheat and the price of bread.

Figures in Mr. Barnes' statement show conclusively that flour and bread prices did not keep pace with the advance in the price of wheat, therefore there could not have been profiteering between the farmer and the consumer under the Food Administration and the Wheat Director.

The following table of average prices of wheat, flour and bread in the United States for the period from 1913 to 1920, were submitted by Mr. Barnes:

	Per Bu.	Per Ct.	Per Lb.	Per Bu.	Per Ct.	Per Lb.
Year 1913	\$ 7.9	3.3c	5.6c	Year 1913	100	100
May 1917	\$24.6	8.7	9.5	Dec. 1917	206	168
Dec. 1917	\$2.09	6.7	9.3	Aug. 1918	259	177
Aug. 1918	\$2.05	6.8	9.3	Aug. 1919	274	184
Aug. 1918	\$2.17	7.4	10.1	April 1920	300	206
April 1920	\$2.34	8.1	11.2			

Shown as relative prices, based on the average for the year 1913, these figures become:

	Per Bu.	Per Ct.	Per Lb.
Year 1913	100	100	100
May 1917	311	265	168
Dec. 1917	265	206	168
Aug. 1918	259	206	177
Aug. 1919	274	204	184
April 1920	300	245	206

New Bookkeeping System
The new system of bookkeeping at Eastern Normal goes into effect tomorrow, and there is a large enrollment of students. It is said the new course is a great improvement over the former mode of keeping accounts. The conference of officials of the school with expert accountants at Louisville recently was in connection with the introduction of the new system.

J. H. Brown, of Ashland, has resigned as assistant state mine inspector, effective today.

BOUNTIFUL RAIN PROVES A BLESSING

The bountiful rainfall Thursday afternoon, it is believed, was the greatest blessing, many say, that could have befallen the city and county, for practically the entire county was drenched. For several days there had been slight showers here and there with but a temporary cooling off of the atmosphere as the result. However, Thursday afternoon the attention of the weather man was evidently called to the fact that Madison county was drying up, so to speak, or perhaps, the convention at Frisco attracted his attention, for the rain began, and continued until the earth was given a liberal treat.

Tolacco, as well as garden truck, was sadly in need of rain, as well as foliage and fruit in many respects. The harvest work was being continued beneath a sweltering sun and the dust in the city was something unusual, which is saying aptly. It was expected that a sprinkling of the streets, especially those leading to Eastern Normal, would have to be resorted to, and this movement was on foot when the rain arrived. Indications are that there will be continued light showers which, according to the advance weather predictions, will not be sufficient to greatly interfere with business, and will go far towards making the remainder of the week more comfortable.

Reports from Woodford county received are to the effect that most of the wheat has already been cut. The cutting, which began early, will be finished there this week.

C. B. SWINEBROAD REPORTS JUNE SALES

Kentucky Land Valued At More Than Quarter Million Dollars, Already Sold This Year

Swinebroad, the Real Estate Man of Lancaster, Ky., tenders a most excellent report of his auction sales of land during the month of June. These were the sales advertised in his June catalog. Every farm was offered just as advertised and sold to the entire satisfaction of the owners and purchasers. The report is as follows:

June 8, for W. A. Rawlings, 150 acres in Marion county for \$7,000.
June 12, for E. M. Shelley, 65 acres in Boyle county, to J. H. Branaman, at \$300 an acre.

June 15 for J. W. Riggins, 158.2 acres in Casey county: Sold in three tracts to Luther Elliott, \$9.55 acres at \$297 an acre; to Ray Elliott 36.38 acres at \$187 an acre; to M. L. Elliott, 72.27 acres at \$263.25 an acre. Average per acre, \$256.30.

June 16, 102 acres for B. D. Holtzclaw, in Lincoln county, to Oscar Holtzclaw, at \$125 an acre.

June 16, for Mr. and Mrs. J. W. Crutcher, 140 acres in Lincoln county, to Will Montgomery at \$125 an acre.

June 17, 210.6 acres in Lincoln county for B. D. Holtzclaw to R. L. Hubble, at \$115 an acre.

June 19, the Rogers farm at Lebanon, Marion county, owned by C. B. Swinebroad and R. H. Dever, to Salem George and G. W. Hughes, 233.2 acres at \$225 an acre and 33.11 acres at \$250 an acre.

June 22, 267 1-2 acres in Marion county for J. T. Langford, to Rawlings Brothers, at \$140 an acre.

June 26, the land of G. B. Swinebroad at Danville in which unimproved land sold as high as \$695 an acre. At this sale D. W. Mahan purchased 15.6 acres at \$695 an acre; G. T. Eblen, 3.79 acres at \$420 an acre; L. C. King, purchased 3.51 acres at \$695 an acre and 3.62 acres at \$500 an acre. C. R. Martin 52.45 acres at \$238 an acre, and the Board of Commissioners of the Institute for the Deaf, bought 63.84 acres at \$300 an acre.

This makes 1,503 acres of land Swinebroad sold in June for \$268,885.21, representing more than a quarter of a million dollars in one month. He has sold from the first of January to the first of July, 2,989 acres for a total of \$689,184.67, besides considerable property at private sales. Swinebroad and his assistants, W. E. Moss, R. H. Dever and his son, George Swinebroad, are now preparing for their July sales. Write to them for a catalog. Swinebroad is the only man in the business who does enough business to justify the issue of these catalogs and he is thus able to render the service which the public is looking for. Watch this paper for his next series of advertisements.

ANNUAL CLEANING OF RURAL SCHOOLS

Word was sent out today to trustees of the schools of the county informing them that there would be the annual cleaning up at the rural school premises on Saturday, July 10. This order applies to the colored as well as the white schools, and is for the purpose of eliminating the many petty diseases now prevalent in the county. The premises will be cleared of rubbish, the floors of the buildings will be oiled and other improvements made for the reception of the students on July 12 and 19, when the schools of the county will be opened for the regular term.

The precautionary measures are taken in order to insure as good, if not better, health conditions than prevailed last year, although there was but little interference with the progress of the average student owing to illness.

KNIFE VICTIM MAY YET RECOVER FROM WOUNDS

Frank Cavanaugh, colored, who was slashed with a knife by N. B. Hill, another colored boy, as a result of a fight while unloading cement, is believed to be in a fair way to recover at the Patti A. Clay hospital, despite the extended gash in his stomach. When surgeons first viewed the wounds it was their belief that the boys would surely succumb within a short time. Young Hill is under arrest and being held the outcome of Cavanaugh's injuries.

New Figures On Tire Mileage

The Miller Tire makers, in late years, have nearly doubled their tire mileage. In their factory tests made last year no rival tire could match the Miller service.

Miller treads outwore all rivals by an average of 25 per cent.

Large tire users are making million-mile comparisons. As high as 20 rival makes are compared with Millers. Miller Tires have already won many of these tests.

Large Miller dealers, making careful comparisons, find that Miller Tires increase their customers' mileage from 50 per cent to 75 per cent.

It is time to get new figures on tire mileage. Try a Miller, watch the mileage, compare it with the tire that you use opposite.

Hundreds of thousands have in this way come to Miller Tires. And Millers are today the most talked-about tires in America.

MADISON COUNTY COURT.

In matter of application for changing location of Red House Pike so as to eliminate railroad grade crossings.

NOTICE

Notice is hereby given to the public that C. W. Cobb has filed his petition in the Madison County Court, in which he asks that said Court shall, by proper orders, change and re-locate that portion of the Richmond and Red House pike, as follows:

Beginning at a station No. 46 plus 09 on the State Aid Survey, of the Richmond and Winchester pike, as shown by the State Highway Department's plan No. 73A2, dated 1918, said station No. 46 plus 09 being in the center of said pike as now located, and 109 feet north of the north abutment of a small bridge on said pike, near the L. & N. R. R. Co.'s crossing 51 feet toward Winchester from mile post No. 111 on the L. & N. R. R.; thence leaving the present location, and extending in a southerly direction, the proposed center line of the said L. & N. R. R. Co.'s main track, over the lands of W. A. Williams, for a distance of 908 feet; the right of way of the said proposed pike through Williams to be 40 feet wide; thence continuing 53 feet east of said railroad, over the lands of Wm. Embree for a distance of 3313 feet, the right of way of said proposed pike through Embree to be 53 feet wide; thence curving toward the east, through the lands of Horace Dozier for a distance of 177 feet on the center line, as shown by revised survey of the said Richmond and Winchester pike, to a point in the center of the said pike as now located, at a station 10 plus 81.8 on said survey, so as to close and abandon the crossing of the L. & N. R. R., which is 51 feet toward Winchester from mile post 111, on said railroad, and also to close and abandon that part of the said Richmond and Winchester pike as now located between the aforesaid crossing of the L. & N. R. R. and the division line between Wm. Embree and Sam Huguely (colored) as shown by plans and drawings for said work now on file in the office of the County Road Engineer.

Said petition will be heard July 5th, 1920.

J. G. BAXTER, County Road Engineer.

MADISON COUNTY COURT.

In matter of application for changing and re-locating County Road No. 128, South of Red House.

NOTICE

Notice is hereby given to the public that Sam P. Todd has filed his petition in the Madison County Court, in which he asks that said Court shall, by proper orders, change and re-locate that portion of the County Road No. 128 South of Red House, as follows, to-wit:

Beginning at a point in the county road No. 128, near the crossing of the L. & N. track, 1350 feet toward Richmond from mile post 112 on the L. & N. R. R. south of Red House, thence following the east right of way line of the said L. & N. R. R. the proposed center line of the road being 15 feet from said right of way line, or 48 feet from the center line of the main track, in a southerly direction over the lands of W. A. Williams, for a distance of 572 feet, and of Austin House for a distance of 300 feet, to an intersection of the old road No. 128 near the second railroad crossing south of mile post 112, so as to locate said portion entirely east of the L. & N. R. R. Co.'s land, as shown by the attached map No. K 11321 from the L. & N. R. R. Co.'s Paris office, and to close the said crossing of the L. & N. R. R. 1350 feet toward Richmond, from mile post 112, and to abandon and close that portion of the said road No. 128 now located west of the said L. & N. R. R. Co.'s right of way and between the two crossings above referred to.

Said petition will be heard July 5th, 1920.

J. G. BAXTER, County Road Engineer.

MORE TO COME IN

More contributions are to come in for the Salvation Army fund and it is believed the work of the past few days will result in a very neat sum from the city and county. A number of rural towns will be solicited during the last of the week.

YOUNG BRIDE RETURNS

HORRAN IN SENTENCED

A new trial at Tallahassee, Fla., has been asked for Warden Lamm, recently convicted for the murder of Ralph P. Ralston, chauffeur. Lamm's bride has returned to the home of her parents in Bowling Green. She

was held briefly on a federal warrant

charging her with transporting a stolen automobile from one state to another. However, she was soon acquitted. She had her husband goodbye at the cell door and was taken charge of her mother, who accompanied her home.

OIL THE TRACTOR

VERY THOROUGHLY

Over 50 per cent of all tractor troubles are due to incorrect lubrication. A few days ago a four-cylinder tractor motor was badly broken up due to the ignorance and carelessness of the operator.

A certain farmer borrowed the tractor from a neighbor and he let an inexperienced man operate it. One of the oil pipes in the force feed lubrication system leaked out, but the operator neglected to fix it or to watch his oil gauge on the crank case and before he noticed it enough oil was lost to allow the cylinder to get dry. The piston stuck and the connecting rod broke in cylinder No. 1, which in turn broke the cylinder wall and the crank case.

Due to the ignorance of this operator, it will cost the farmer about \$200 to repair the tractor in addition to having to do without it just at the time when every hour of work in the field means so much in getting the work done at the proper time.

VANGUARD REACHES UPTOWN DISTRICTS

The work of cutting the curbing according to the measurements preparatory to placing the new curb and gutter is being started in the uptown district, a goodly force of workmen being engaged Wednesday on Main and Second streets. This will admit of the concrete and finished work being taken up with the arrival of the workmen from the west, who are making rapid headway. It is the intention to have this work all finished and out of the way within a short time in order not to interfere with the work of paving. The work, under the guiding hand of Mr. Glover, is attracting considerable attention. He is keeping ahead of the paving men on Lancaster avenue, and the trimming of the curbs to receive the material will require but a short time.

ADMINISTRATOR'S NOTICE — All persons having claims against the estate of Curren S. Lamb are required to prove their claims as required under the statute, and file same with the undersigned administrator or with C. C. Wallace, attorney, within 30 days, or same will be barred. James W. Lamb, Adm. of Curren S. Lamb. June 25, 1920. 153 11w 4v

GETTING RID OF YOUR UNPROFITABLE HENS

Experience has demonstrated that it is possible to cull out the non-laying hen sell her and thereby save the feed that she would consume and at the same time secure practically as many eggs from the fowls remaining. Farmers are urged to go over their flocks of chickens some time during August, September or October and cull out the hen that have already shed their feather, as they are not the hens that will lay the most eggs during the year. It has been found that as many as 15 per cent of the flock can be eliminated in this way and the farmer will get as many eggs from the remaining 85 per cent, in the meantime saving the feed these non-laying hens would consume.

TIP TO FARMERS CONCERNING SOIL

There is much land in Kentucky where the farmers can easily remove this excess water by the use of tile drainage. In many instances the land owner can make no improvements that will pay him as large dividends in dollars as a good system of drainage. It is true that since 1916 when it cost approximately \$18 to grow an acre of corn at an average of 87c a bushel, it costs about \$20 an acre to drain land. Now the price of corn is \$2 a bushel and it costs approximately \$25 an acre to produce corn and the tile drainage will cost about \$60 an acre. It should be remembered that the average value of all plowed land for the state in 1916 was \$35; while the value of the same land now is approximately \$70. It is good business for a man to invest money in the drainage at Washington.

Three Generations

HAVE USED

tile drainage if he can realize better than 100 per cent on the investment every year.

WHAT COAL OPERATORS REALIZE ON PRODUCTION

Although Kentucky coal operators realized more for their output at the mines in 1918 than they did in February and March of this year, their margin of profit had decreased about 50 per cent, according to statistics announced by the federal trade commission for a man to invest money in the drainage at Washington.

Not All Gone Yet

Twenty cases of whisky are reported stolen from a car at the Decoursey yards, Covington, and there is said to be no clue to the perpetrators of the crime—for it is designated there as a crime to take whisky that does not belong to you, as several officers and federal agents can prove.

There is a scarcity of natural gas at Pittsburg, and it is predicted that there will be an acute shortage next winter.

Your Telephone Girl

Reprinted from THE OUTLOOK Magazine
April 21, 1920

Fortunately for the public, the telephone girl has always proved herself to be a person of unusual presence of mind and ever-ready resources. She is made alert by her work, and her mind is trained to instant action. She has to learn self-control, since there is hardly another position so trying and made so unpleasant by the idiosyncrasies of unfeeling telephone subscribers. If a girl can keep her wits under the bombardment of abuse, censure, silly questions and overtures from mashers, it is difficult to imagine circumstances that would cause her to lose her head.

The telephone girl is undoubtedly one of the most intelligent, refined and necessary elements in modern society. She has been grossly maligned by wooden-headed upstarts. One reason for the false impression concerning the intellectual character of the telephone girl is that the writers of light fiction have specialized in the effort to portray her as she never was and never will be. Many little stories have been written that touch upon the telephone girl in hotel life, and in most cases she is pictured chattering ungrammatically with bellhops, exchanging confidences with strangers, making dates with patrons and accepting theater tickets from any one who proffers them.

Any one with an ounce of sense realizes that the telephone girl is not of this type, and that, were she so frivolous and ineffective as these people try to make her out, she would not be able to hold her job thirty seconds in any exchange in the country. It is high time that the petulant public cease taking out their morning grouches on the exchange operators. Every community owes much to the telephone girl and should vigorously resent any light-headed aspersions to her discredit.

Tested Eighteen Months to Prove Perfection

TWO years ago a puncture-proof cord tire was unheard of. The public clamored for it; all tire makers tried to build it.

Lee was making the only successful puncture-proof pneumatic fabric tire. Motorists naturally looked to Lee for a puncture-proof cord.

Lee has succeeded in building such a tire. It has all the economy and resiliency of the best cord tires. It practically eliminates blowouts, tread separation, broken sidewalls and other common tire troubles. And it is positively puncture-proof.

For 12 months this tire was cruelly tested before being offered to the public. It rode as lightly and as smoothly as a cord without the puncture-proof feature. It was as economical on fuel and oil. It was easier on tubes. And—it outlasted cord tires that were not puncture-proof!

Let us demonstrate the economy of the new Lee Cord Puncture-Proof.

THIS IS JUST WHAT REPUBLICANS WANT

Washington, June 30.—The republican presidential campaign is to be based on "an appeal to restore the party to the government as a constitutional substitute for personal government," Senator Harding, the party presidential candidate, announced today after a conference with Calvin Coolidge, his running mate, and National Chairman Hays. At the same time Coolidge declared it must "be return of public opinion toward self-control by the people toward great and overmastering desire to observe the law."

LABORERS wanted on streets.
Steady employment for the season. 40c an hour. Address Lamp-ton & Burke, Richmond, Ky. 1484.

FOR SALE—1920 Ford, new, driven 500 miles; extra tire, battery, Nelson Cornelison, Burkes Mill pike, R. D. 1, 167 4p.

WRITES ABOUT THAT CALIFORNIA QUAKE

Former Richmond Girl Sends
Message To Friends Back
Home Thru Register

Many friends "at home" here will be greatly interested in the following letter from Mrs. J. W. Wither-spoon, who was Miss Josephine Bar-low:

Hollywood, Cal., June 22, 1920.
To the Daily Register and All Richmond: I have thought for some time that I would write a letter to each of my old friends back in Ken-tucky, but I can't find time to write separate letters, so I am using this means of reaching many at a time.

I have not heard from your city since we left in January and certain-ly we were glad to have a line from any one who has time to write.

This is, indeed, a wonderful coun-try and you would have been con-vinced of the fact had you had the experience we did last evening and today.

Mother and I were in the kitchen getting supper, Jack in the living room reading and Mrs. Gabaney, who is with us from your city, was in her room writing the folks back home, when I heard my back door shaking and, thinking it some of the neigh-bors, I started to answer it.

After having taken one step I realized that something was wrong, the house was rocking like a boat, and I could hardly stand. Oh, yes, we had heard about them, and now we knew about them. An earthquake is no funny thing, I can tell you, and it makes one realize how very insignifi-cant we mortals are when we are moved about like a ship at sea, and to think we have power by which we could stop it.

I had hardly time to realize what had happened before we had gone to the front yard, and there found the neighbors all going from one to the other telling of their experiences, some frightened, and other laughing at them.

I calculated it was not the time or place to laugh, although I must say I was not frightened, but it does give one a sensation they won't for-get.

I could hardly wait to see the morn-ing paper to see what damage was

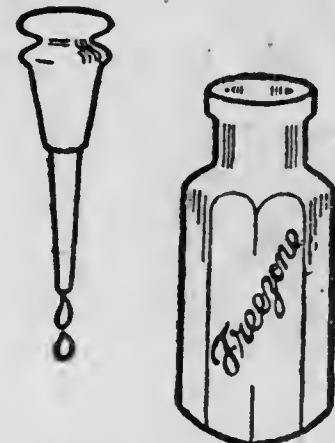

Miss Virginia Needham is visiting friends at Junction City.

SAY "DIAMOND DYES"

Don't streak or ruin your material in a poor dye. Insist on "Diamond Dyes." Easy directions in package.

"CORNS"

Lift Right Off Without Pain

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly lift it right off with your fingers. Truly!

Your druggist sells a tiny bot-tle of "Freezone" for a few cents sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. It

THE KENTUCKY EPWORTH LEAGUE

Biggest Meeting In State's His-
tory Opens At Lexington—
Will Visit Richmond

Hundreds of members of Kentucky Epworth League are en route to Lex-ington, where the state conference began Tuesday, and the program in-cludes a trip to Clay's Ferry, where a day will be spent in picnicking, af-ter which there will be a trip made through Madison county, and in all probability Richmond will be visited by large delegations.

Headed by President Dennis V. Snapp, of Paris, the state cabinet has outlined a strong program and there is every indication that the eleventh assembly will be the largest and most successful in the history of the or-ganization.

Among the speakers will be Dr. Elmer T. Clark, Nashville, former wa-correspondent for some of America's largest daily newspapers; Rev. Ralph E. Nollner, Fort Worth, Texas, and Nashville, Tenn., assistant general secretary of the Epworth League movement of the Southern Methodist church; Miss Helen K. Boulware, San Jose, Cal., and Nashville, Tenn., su-perintendent of Junior-Intermediate work of the general Epworth League board; Miss Helen Hardy, Boykins Va., student secretary of the Wo-man's Missionary Council; Hon. Rob-ert E. Woods, of Louisville, and many others.

The conference is being entertain-ed by the Epworth League chapters of the three Southern Methodist churches in Lexington First church, Epworth and Park. Joseph A. Bricken has been chosen president-host of the entertaining leagues and will deliver the welcome address.

Must Now Serve Time

Walter Parker and Daley Lamb, convicted some time ago in the circuit court for carrying concealed and deadly weapons and fined in the sum of \$100 and sentenced to jail for a period of ten days, were arrested last night on a capias from the circuit clerk's office by Sheriff Pete S. Whitlock and taken to jail for the purpose of carrying out the re-mainder of the action according to the dictation of the court.

AUTOS SHIPPED BY RAILWAY NOW

Last Friday a number of new, real, for-sure automobiles passed through the city, on real railway cars, actually being shipped to southern points. On Monday there was a carload, and on Tuesday morning there were three carloads, all headed south. This indi-cates the railways are loosening up, as the dealers say, and the movement of automobiles by train is really being renewed.

Manufacturers recognize the fact that they have been losing a great deal of their business through the impossibility of getting out their cars; after they have been made, and then the strikes came on, and many were hampered again. Now, however, the situation is clearing. The working conditions are improving as well as those of the railroads, and it is be-lieved that the season, which has been greatly injured by the failure to get cars out, will finish up with a bur-vish. There are many orders in by Richmond companies, and it is ex-pected that at any time there will be a number of cars stop here and a number of hearts made glad by the tidings that their long awaited car is at hand.

Weed Cutting Along Highways

The weed cutting along the public highways, according to law will become effective beginning today, and the time limit for own-ers and managers of property abutting public roads to eliminate the weeds, overhanging branches of trees and brush is August 20. The work is said to be very ex-tensively recognized during this period throughout Madison coun-ty.

More Fireworks There

Reports to the effect that whis-key is being carted over the Vir-ginia line to Kentucky points to be used for the Fourth of July celebration, are being repeated in the vicinity of Whitesburg, where there is a big celebration being planned.

Notice To Tax Payers

Your city taxes for the year 1920 are now due and in my hands for collection. You are requested to call and settle. On all taxes not paid by November 1st, the penalty prescribed by Ordinance will be attached, also interest at the rate of 6 per cent per annum will be charged on all bills in my hands after November 1, 1920. JESSE DYKES, City Collector. 153 5

Office City Hall.
